SUMMARY

AI & Data Science student with strong foundations in Python, Java, and full-stack development. Experienced in building and deploying real-world AI applications using Node js, Flask, and Linux-based systems. Passionate about problem-solving, scalable systems, and end-to-end software development.

SKILLS

Programming & Scripting
Python ,SQL, C, Java
Linux
- Linux Administration (Ubuntu), Bash Scripting
- Docker, Git, Python Virtual Environments

AI/ML Frameworks
TensorFlow, Keras, PyTorch, scikit-learn, OpenCV
Frontend Libraries & Framework
React.js, Bootstrap, HTML, CSS
Backend tools & APIs
Flask, FastAPI, Node.js, REST APIs, Postman
Databases
MySQL, MongoDB

PROJECTS

Speech-to-Text Web Application | *Flask, WebSpeech API*
- Built a speech-to-text web application using Flask and WebSpeech API .
- Optimized backend response time for real-time speech processing.

Timetable Management System | MERN
- Developed a Time Table Allocation System using MERN stack with role-based access for Admin, Manager, Staff, and Students, enabling efficient timetable creation, approval workflow, and PDF export.
- Implemented AI-based constraint optimization for automatic timetable generation, handling staff availability, subject preferences, workload balancing, and conflict-free scheduling.

EXPERIENCE

Project Intern – ShenAi Private Solutions, Erode, Tamil Nadu — Aug 2024 – Oct 2024
- Contributed to a real-time Speech-to-Text system using deep learning techniques.
- Assisted in model integration and preprocessing of audio data.
- Worked with Python-based pipelines to improve transcription efficiency.

EDUCATION

B.Tech Artificial Intelligence and Data Science
Nandha Engineering College, Erode (VI semester) — Sept 2023 – Apr 2027
HSC Second Year Education: Kongu Kalvi Nilaiyam Matric Higher Secondary School - 86% — June 2021 – Apr 2022

CERTIFICATIONS & ACHEIVEMENTS

- **Data Analysis with Power BI** – Workshop by Mr. Sapthagiri (Feb 2025).
- **Python for Machine Learning** – Coursera
- Google's AI prompt engineering Essentials.
- 3rd Place Winner – Innovation Day 2025 (Speech-to-Text Web App).
